

2021

# IMPACT REPORT

## HEY EVERYONE!

2021 was a tremendous challenge for Camp Tatiyee, but we weren't going to let that take away our camp spirit! Donations are down 58% from 2019, but we are grateful to have been awarded grants to help cover camp salaries and video equipment this last year. With these funds, we were able to improve the quality of our videos and conduct some quality social programming for our orthopedically-challenged campers throughout the year.

Last summer, Tatiyee staff was able to stay at camp to create new videos so you could see camp from your home since we couldn't all be there together. It looks like you watched the videos many times and we were thrilled to have 350+ viewers watch consistently. We loved having campers send us videos that they created based on the ones we made, and we happily shared them on our site as well.

But we did way more than make videos all summer! We did a tremendous amount of maintenance at camp, renovating cabins to rent on [AirBnb](#) (to help create additional funding), rebuilding ramps, and painting all our porches, railings, and overhangs. Plus, we added a staff lounge and cafe in the main hall and prepared a video production program for this upcoming camp season as well. Whew!

All in all, we're still working hard to prep Camp Tatiyee for campers with the hope that we will all be back this summer.

Voice of Reason

# THINGS TO CELEBRATE FROM 2021

**8**  
brand new  
computers donated

**7**  
weeks of  
virtual camp

**6**  
weeks of  
maintenance  
projects

**5**  
new cameras

**4**  
new go-pros

**3**  
cabins to rent  
on Airbnb

**2**  
Grants to help with  
videos and staffing

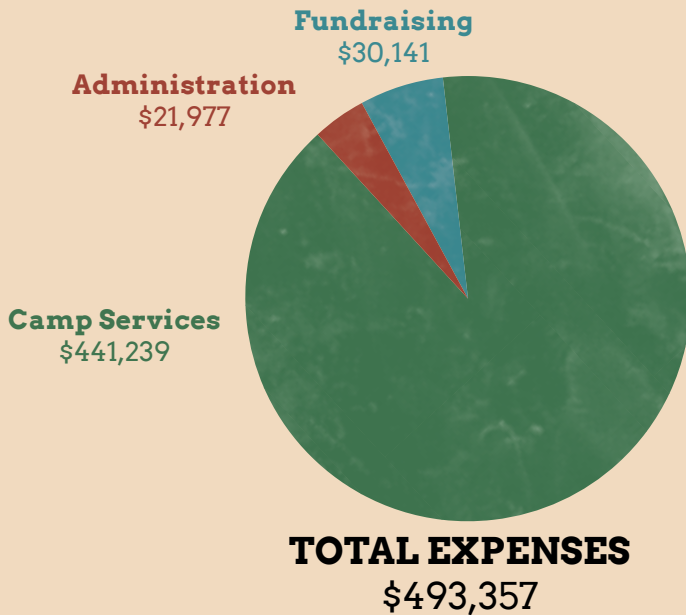

**1**  
amazing and loyal  
Tatiyee team!
