Join us this Giving Tuesday (December 3rd) in empowering the Baltimore community and supporting the growth of our youth. Your generous contributions will help us provide after-school programming, mentorship opportunities, and community initiatives that support families in need of food, clothing, and toys this holiday season. Fall Recap

Our Fall Programming has officially taken off! Leader Breeders' after school program and mentorship program both launched this past October. Our after school programming consists of reading literacy, math enrichment, and basketball skill development. Both programs are currently being hosted at Creative City Public Charter. In February we will launch our after school program in at least 3 new locations. Our mentorship program features local high school and junior high school students being mentored by Morgan State, Loyola, and Towson University student-athletes. We were also able to execute a Softball skills clinic with the 2024 MEAC Champion Morgan State Softball Team.

Thanks to the BGE Green Grant, we were able to launch our community cleanup and tree planting initiative. Cleanups will take place both in East and West Baltimore. With a few more events approaching, we are excited to finish 2024
